

# Healthcare Committee Scorecard

Recommendation	Goal Ref#	Priority Level	Goal Term (S/M/L)	Notes	Status per RETF	Phase	RETF Lead (optional)	Broward County Agency Stakeholder	Broward County Agency Notes
With funding from the County, incorporate best practices by increasing trusted care navigators/coaches who are culturally responsive into treatment teams.	HC1	High	Short				Name Contact Info		
Fund prevention screening in communities – Establish Kiosk/Mobile Units that provide prevention and SDOH (housing, food, transportation, education, financial insecurities) screenings throughout the communities.	HC2	High	Short	Tiers			Name Contact Info		
Use an Asset/Strength Based framework, identify the gifts and assets of communities and patients as well as their needs. Asset thinking leads to new possibilities.	HC3	Low	Long				Name Contact Info		
Customize data visualization by desired populations to enhance education and agency by making information accessible and usable.	HC4	High	Short				Name Contact Info		
Promote historical and generational understanding of health inequities in Broward and ways to address structural racism. Acknowledge the central Broward beltway experiences and be intentional in the inclusion of community and the investment to improve and sustain communities that have been neglected (policy/practices – eliminate de facto redlining).	HC5	High	Short				Name Contact Info		
Ensure the community has “seats” at the decision-making tables through well-resourced community leadership	HC6	High	Long				Name Contact Info		
Review County Funding Model for Healthcare needs to include primary care, mental health, Social Determinants of Health (SDOH), and other auxiliary services to improve access and outcomes for un/underinsured populations.	HC7	High	Short				Name Contact Info		
Educate, expand, and support access utilizing telehealth and other virtual solutions as the pandemic and economic stresses have created a strain on the mental health system.	HC8	High	Short				Name Contact Info		
Address Social Determinants of Health (SDOH) at hospitals (i.e., food pantry at hospitals), integrate SDOH indexes to be available to health systems/physicians (in electronic medical record), and incorporate SDOH and community referrals into the hospital discharge process.	HC9	High	Medium				Name Contact Info		
Support Collaboration between public/private partnerships for community education and improved health literacies.	HC10	High	Short				Name Contact Info		
Establish Physician/Nurse incentives to stay here in Broward including student loan forgiveness, access to affordable housing, etc. and ensure racial and ethnic representation reflecting Broward's populations	HC11	High	Short				Name Contact Info
