

**Below is the question that was asked following the Enhancement/Expansion Workshop with the County's response.**

**Question:**

Broward County currently commits \$500,000 cash match annually to the Broward Partnership Housing IV (BPH-IV) PSH project. Can a portion of that commitment be utilized to meet the match requirements for a proposed expansion of the BPH-IV project for the 2025-26 cycle?

**Response:**

The original match of \$500,000 was for the BPHI IV original project. Those match funds cannot be used to support the enhancement or expansion project. The provider would be responsible for securing new match.
